

**LEGAL NOTICE
IN THE MATTER OF THE
SINGLE COUNTY DITCH #1356
PETITIONED FOR BY DOROTHY MINER AND DON FRENCH
TO THE OWNERS OF THE LAND
AFFECTED BY THE PROPOSED IMPROVEMENT**

YOU, and Each of You, are hereby notified that on the 27th day of February, 2026, the above-named petitioners filed a petition to replace and/or repair the existing drainage system with a new drainage system that is adequate in size to alleviate the drainage issues within the watershed on the proposed course hereinafter set forth.

The following is the legal description of the beginning, route, and end of the proposed project:

Commencing at a point approximately 280 feet North of the SE corner of the NW ¼ of the NW ¼ of Section 2, Amanda Township, Allen County, Ohio. Thence continuing westerly following the existing drainage system approximately 1,375 feet to the intersection with Sunderland Rd, with said point being the beginning of Robert O. Hayes Ditch #1037.

Because it is claimed that your property will be benefited by the proposed improvement, either directly by having a part of it on your property, or indirectly by having stormwater runoff from your property drain through it. If the Board of County Commissioners, after viewing the proposed course and conducting a public hearing, approves the project, your property would be assessed for your portion of the costs of engineering, construction and future maintenance.

You are further notified that the Board of County Commissioners of Allen County has fixed the following date, time, and place for the view and first hearing on the proposed improvement:
